STUDENT - MBA

In 2006, Gandhinagar University was born as the Gandhinagar Institute of Technology, but it has since then transformed into a globally-renowned, student-centered, research-oriented, and multi disciplinary State Private University. With a grand vision and an unwavering commitment to academic excellence, the University is fast becoming an education hub that is poised to revolutionize higher education in India.

Here, education is not just about textbooks and lectures; it's about creating unique opportunities that set it apart from other institutions. The University organizes events that are unlike any other, providing students with unparalleled experiences that help them grow and learn.

**VISION**

To equip our students with the knowledge and skills necessary to succeed in a rapidly-changing, digitally-advanced world, and to provide them with equal opportunities to compete on a global level. Through innovative research and a commitment to excellence, we strive to create a sustainable and equitable society for all.
